

Recap - Charleston, SC Cruise/Drive-In

Thanks to the efforts of Alan & Ann Fairaizl the April 18th-21st 2010, Charleston, SC Drive/Cruise-In was a total success. Twenty-six members and friends attended the event over the 3 day even.

Arriving on Sunday April 18th was a real treat. Unbeknownst to us Alan and Ann had scheduled the Nave's "Blue Angles" to welcome all 1510er to Charleston.

What a surprise.

After registering at The Vendue Inn, where all the "Drive-Ins stayed, were we presented with a wine tasting followed by dinner at Magnolias' restaurant.

The Fairaizl's and Miles were docked at Isle of Palms Marina while the Waller's docked their new Tiara 39 at Charleston City Marina.

Day two offered a Carriage/History tour of the city. Afterwards, some members chose to visit the Isle of Palms Marina to visit the two members boats docked there while others shopped or visited the city on their own. That evening culminated with an evening cocktail party hosted by Jim & Ellie Waller aboard their new Tiara 39, docked at Charleston City Marina with dinner following at Poogan's Porch.

Day three was as delightful as the proceeding day. Earlier that day, some members chose to visit the Maritime museum at Patriots Point while others toured the city. That

afternoon we boarded the Carolina Belle for a wonderful harbor tour. The evening culminated with the now mandatory 1510 Club evening cocktail party, followed by dinner at Oak Steak House.

All in all a delightful event. The weather cooperated, and as always, it was great seeing
